WORK EXPERIENCE

Full Stack Developer
BlueFCU
03/2022 - 12/2023 — *Fort Collins, CO*

- Developed, dockerized, deployed, and designed pipelines for custom Spring microservices from idea to production
- Worked with 3rd party APIs including Twilio, MX, Sendgrid, SharpenCX, Jack Henry, and many more

Automation and QA Engineer
BlueFCU
03/2022 - 12/2023 — *Fort Collins, CO*

- Successfully audited, converted and transfered hundreds of missions critical jobs from one server to another, three times
- Played key role in pod monitoring / pipeline management, utilizing my skills in problem solving and kubernetes to discover fault points in existing architecture

Application Developer
BlueFCU
03/2022 - 12/2023 — *Fort Collins, CO*

- Architected, developed, tested and deployed dozens of batch jobs written in Java and SQL to solve business problems against our core database
- Engineered a variety of custom tables, custom libraries, and custom tools for the credit union, and much more

Lead Coder
Salotto LLC
02/2021 - 09/2021 — *Casper, WY*

- Modernized legacy codebase for a tech start up, on a product helping users find 1 v 1 pool matches in their area.
- Integrated third party APIs, architected and implemented system for periodic leaderboards, used BLoC and Repository pattern, overhauled UI and UX

Computer Science Apprentice
Array School of Technology and Design
09/2020 - 02/2021 — *Cheyenne, WY*

- Created wireframes, designed mock ups, developed prototypes, and implemented features with Dart using Flutter, and Firebase Cloud Functions with Typescript.

EDUCATION

Full Stack Web Development Bootcamp Graduate
Array School of Technology and Design
09/2019 - 09/2020
